

Art Curriculum Overview - Year 13

	Unit	Details
Autumn One	Related Study	Students will work on an extended piece of writing exploring art movements, particular artists and concepts that they've investigated within their visual work. Students will develop skills in research, utilising books and online journals to expand upon their understanding of art movements.
Autumn Two	Final Piece	Pupils will plan for and produce a final artwork, this will be on a large scale and should present the culmination of complex, layered ideas, materials and techniques. This should relate to their theme and their creative journey throughout their coursework.
Spring One	Externally Set Assignment	Pupils will receive a theme set by the exam board, they will then work on preparatory studies up until their exam. This will include developing concepts based on their theme and exploring these using a range of techniques, materials and processes. This will culminate in their final exam, for which they will have 10 hours to create an ambitious and creative final piece.
