

PSHE Curriculum Overview - Year 10

Unit		Details
Autumn One	Health & Wellbeing	Pupils complete work linked to a range of health topics including pregnancy, STIs and substance misuse. This leads to more in-depth discussion of habit and dependence (including both legal and illegal drugs) and personal health & cancer.
Autumn Two		
Spring One	Relationships	The Spring term's lessons explore a wide range of topics all of which centre around romantic relationships. These begin with discussions of sexuality and consent before moving on to the impact of drugs and alcohol on sexual relationships. Pupils explore contraception and parenthood and build on work from Year 9 in discussion relationship abuse.
Spring Two		
Summer One	Living In The Wider World	Summer Term focuses specifically on careers examining employment skills, the manner in which patterns of employment are changing. As in Year 9 pupils then focus on their own career journey looking ahead to choices they will make in coming years.
Summer Two
